Introduction

Hello! My name is Sylvia Brewster, the owner of Weldbilt Studio. I am a native Brooklynite with my studio on the Gowanus Canal.

I am promoting two card lines. One is a **Photo Note Card line** with all original photos by me, many of which are local images. These images are also available in larger print sizes. The other is the **Illustrated Art Card line** with my reproduced original pen, ink and

watercolor paintings. Both card lines are printed on recycled paper stock and made in the USA either by myself or local printers.

I am currently in local boutique stores. I also sell at craft fairs and have good success.

Please call me or e-mail me if you'd like me to come in and show you the line in person or if you have any questions.

**I hope you enjoy the images and would like to purchase some cards and or prints for your business soon!**

Thank you for your time and consideration.

Sincerely,

Sylvia Brewster
